## Section VIII. Other additional information specified in the mandatory offer

8.1 Certain taxation issues in accordance with applicable Russian Federation legislation

DMFA JSC, which is buying the securities from the Sellers – individuals who have submitted applications for the sale of securities, is recognized as a tax agent for personal income tax (hereinafter referred to as the "Tax") in respect of said income, except in cases where transactions involving the sale of DMFA JSC securities in the interests of the Seller – an individual are being carried out by a broker, a trustee acting in the interests of a shareholder, as well as with the exception of the other cases listed in Clause 2, Article 226.1 of the Tax Code of the Russian Federation.

When performing the duties of tax agent for the Tax, DMFA JSC calculates, deducts from the income payable to the Seller and pays the Tax to the budget.

The tax base for the Tax (the amount from which the Tax is withheld) is defined as the positive difference between the income from the sale of securities and the Seller's actually-incurred and documented expenses on transactions involving the acquisition and sale of divested securities.

These expenses shall be taken into account by DMFA JSC when calculating the tax base on the basis of the Seller's application, to which it will be necessary to attach originals or duly-certified copies of documents confirming such expenses. In certain cases, an individual Seller may also apply for application of the tax benefits envisioned by the Tax Code of the Russian Federation.

DMFA JSC's aforementioned tax base shall be applied with the following tax rate:

- for individuals recognized as tax residents of Russia –
   13% (within a tax base not exceeding 5 million rubles) and 15% (portion of the tax base exceeding 5 million rubles),
- for individuals who are not recognized as tax residents of Russia – 30%, unless a different rate is established by an applicable international tax treaty.

For the correct calculation of the amount of Tax and the application of tax benefits, DMFA JSC recommends that Sellers – individuals provide DMFA JSC through the Registrar with a Questionnaire indicating the country of tax residence, the period of ownership of the securities being divested, the amount of expenses incurred in relation to the acquisition and sale of the securities being divested, as well as other necessary information. The recommended form of the Questionnaire, comments on its completion, as well as a list of documents recommended for provision to DMFA JSC for correct calculation of the amount of Tax will be published on the Detsky Mir PJSC website at https://ir.detmir.ru/.

Proposed acquisition price for the securities or the procedure for its determination

DMFA JSC will assess the Tax on the basis of the documents and information provided. If the Seller does not submit all documents confirming the expenses incurred thereby on securities transactions resulting in the withholding by DMFA JSC of excess Tax, the Seller shall be entitled to a refund of the overpaid tax according to the procedure established by applicable tax legislation.
